

FUNDERE 滙寓

GROUND FLOOR LAYOUT PLAN

Fundere是Fusion的拉丁詞，意思是融化。在這個項目中，融合東西方風格元素，因客戶喜歡中國傳統藝術品同時也喜歡西方風格家具。

Fundere is the latin word for Fusion, meaning melt. In this project, we intend to melt eastern and western decorative elements together as the client loves Chinese traditional art works and western style's furnitures.

We boldly put a wide range of materials together, such as wood, metal and leather, which forms a synergy to create the sense of fusion. This can be exemplified especially in the living and dining room.

設計師通過利用木材,金屬和皮革等材料貫通整個公寓。

BEDROOM  
主臥室

Designer picked special light to create the sense of fusion with an industrial touch.

設計師精心挑選東方藝術品與帶有工業風的燈飾可點綴公寓中的設計元素。

The client is also a huge fan for automobiles and engines. Thus, we have created a secluded man-cave/game room, where the light is chosen because the style resembles an automotive engine

此外,客戶鍾情跑車, 設計師設計遊戲室供給客人在空餘時間娛樂。設計師也為他的收藏品設計了一個展覽區。
