

Taiwan Good Design Award 2020

MASTER BEDROOM

The curve bedstead is designed with no sharp angle and also functional. The curve concept represents trustworthiness and a comfortable bedroom which is safe and suitable for all age groups.

SAFETY

SECURE

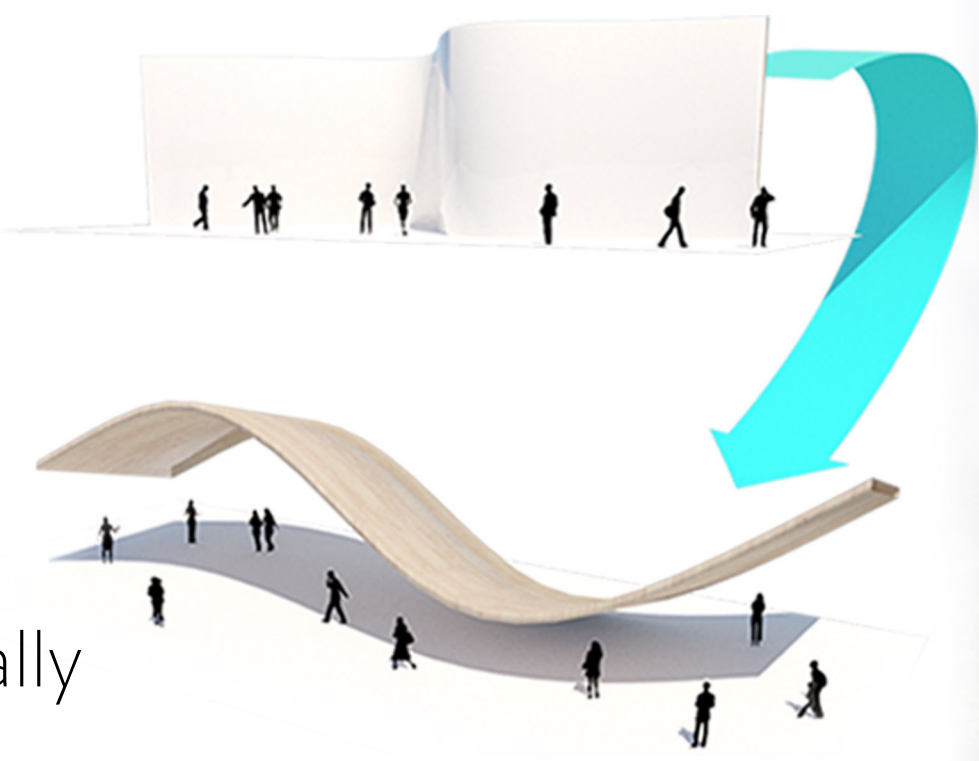

ALL AGES

Inspired by the traditional rush-weaving techniques practiced in Miaoli County's Yuan-Li Township, The None Residences project has made the weaving aesthetic an integral part of its concept.

The curve ceiling design is based on one of the most representative craft in Miaoli - the traditional rush weaving.

The interior space in second floor are substantially rounded off in order to construct a safe and comfortable residence which is suitable for all age groups.

IDEA - Rotate

SECTION PLAN B

The bookshelves design with the ring-shape which is inspire by Hakka roundhouse, to increase flowing sense, while retaining functionality and provide secure sence while during reading.
