隨處可見機能整合的設計規劃，
 如客廳牆面置入櫃體、暗門彈性推移運用、
 餐櫃嵌入貓砂盆、主臥門片結合貓洞、電視牆結合衣櫃，
 整體視覺上更顯俐落，使用上亦更添便利性。

The compound function layout can be seen everywhere, such like fixing the TV set cabinet on the wall surface of the living area; making use of the sliding door as the conceal door; laying the cat litter basin into the pantry cabinet; hollowing a cat hole on the door of the master bedroom and setting the TV wall with the wardrobe double-sided. By way of the planning that brings about the concise overall vision, so as to create the more convenient living space.

不做過多的阻隔・不添多餘的裝飾・
空間通透而純粹・動線流暢且自適。

純淨色調下・微暖光源・
沈浸在「進門就想賴在家」的美好日常。

Do away with unnecessary partition
and excessive decor; thence design a
comfy and transparent space of
smooth open flow.

Within the pure color tone and the
warmth illumination, gently set up the
homey ambience for happy daily life.

機能劃設坪效加乘

Functioned design generate double floor effect

因應屋主本身的收藏喜好，
我們為現有的藏品（酒類、馬克杯、掛畫），
劃設其相應位置，結合收納與展示效果，
使之適得其所、相宜相成。
空間機能亦在有限坪數下，發揮最大效用。

In view to deal with the homeowner's collecting hobby, we set several suitable places for the collections (wine, mugs, hanging paintings), where perfectly combine the storage and display function, as well to operate the maximize effectiveness of the small floor space.

拉門設計活化空間

The sliding door design activate the space

公領域出入口，皆採拉門設計，

除統一視覺外，更賦予場域彈性運用，

毛小孩遊走其中，不受阻礙。

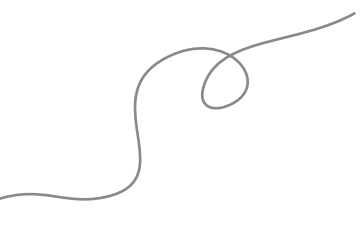

深色木作、淺色地坪，相襯相疊，

筆直線條爬梳而上，與窗外樹梢遙相呼應，

一抹自然綠意舒心而至，圍塑理想的生活框景。

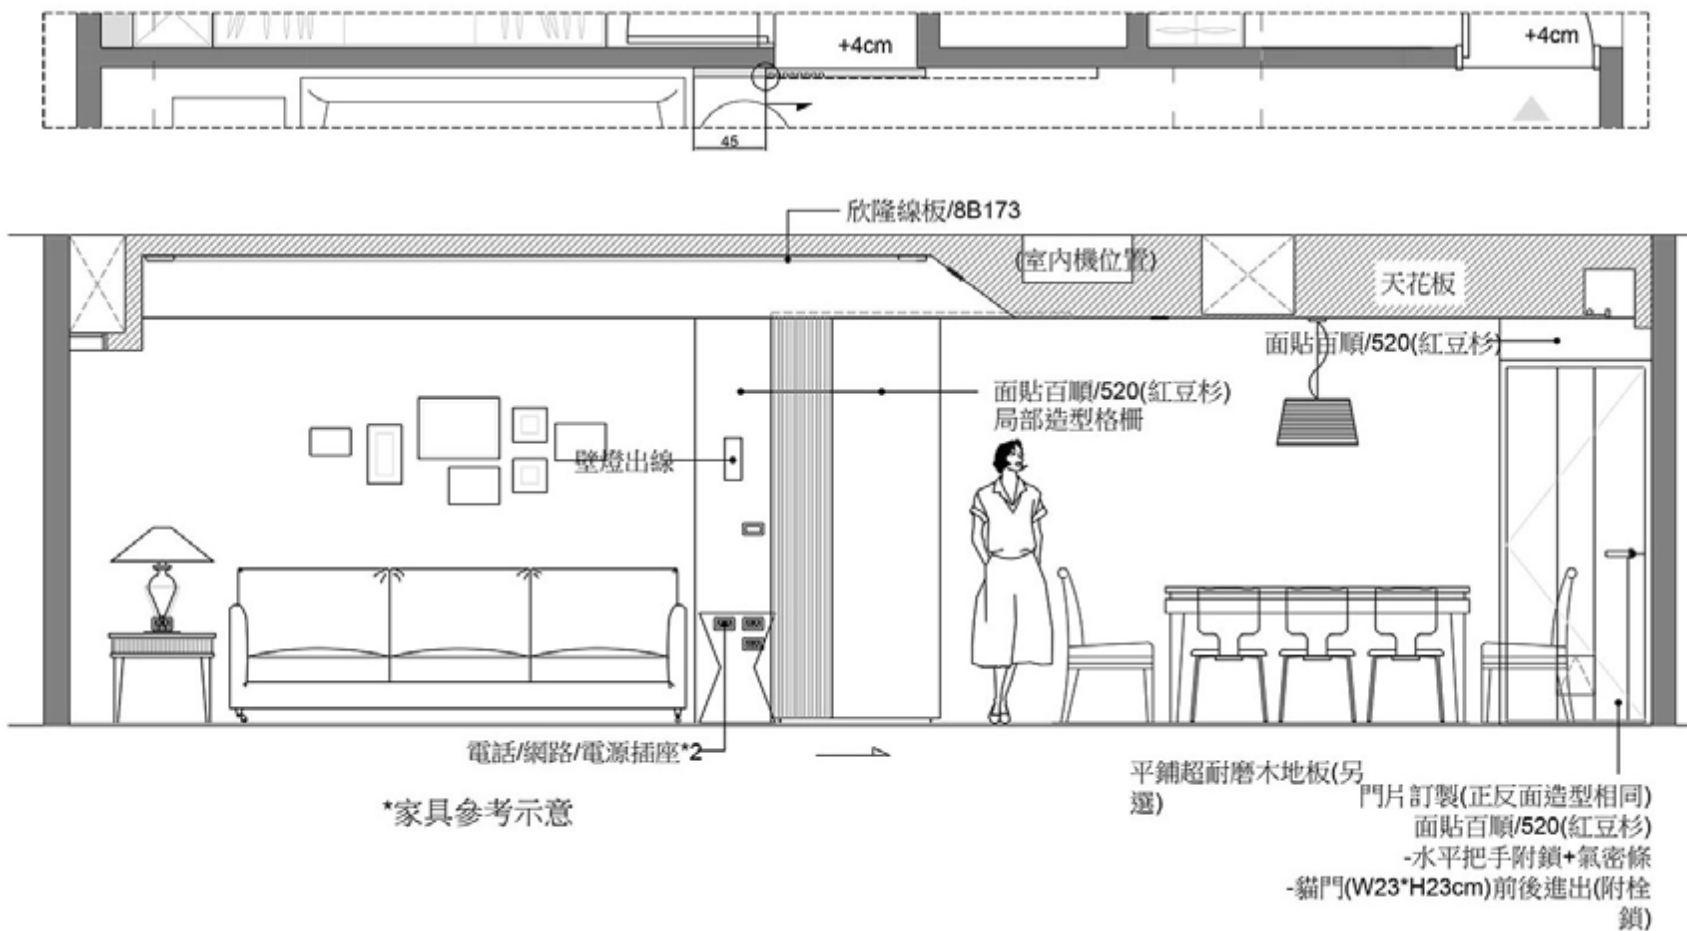

Erect sliding doors as the entry among the public and private space. In addition to bring out the coordinate vision, further to create flexible pattern of the site, at the same time, the pets can also freely walk in the open space.

The deep-colored wooden cabinet works concert with the pale floor. Then take a glance out of the window; a touch of natural scene excellent laid the ideal life side view.

預留空間日後彈性

Reserve plenty flexible space for the future requiring

偏好北歐色系的屋主，
對於空間規劃上，有許多的想法，
因此在奠定場域木質基底後，
我們保留最大限度的彈性，
為日後風格及機能上的變動預留伏筆。

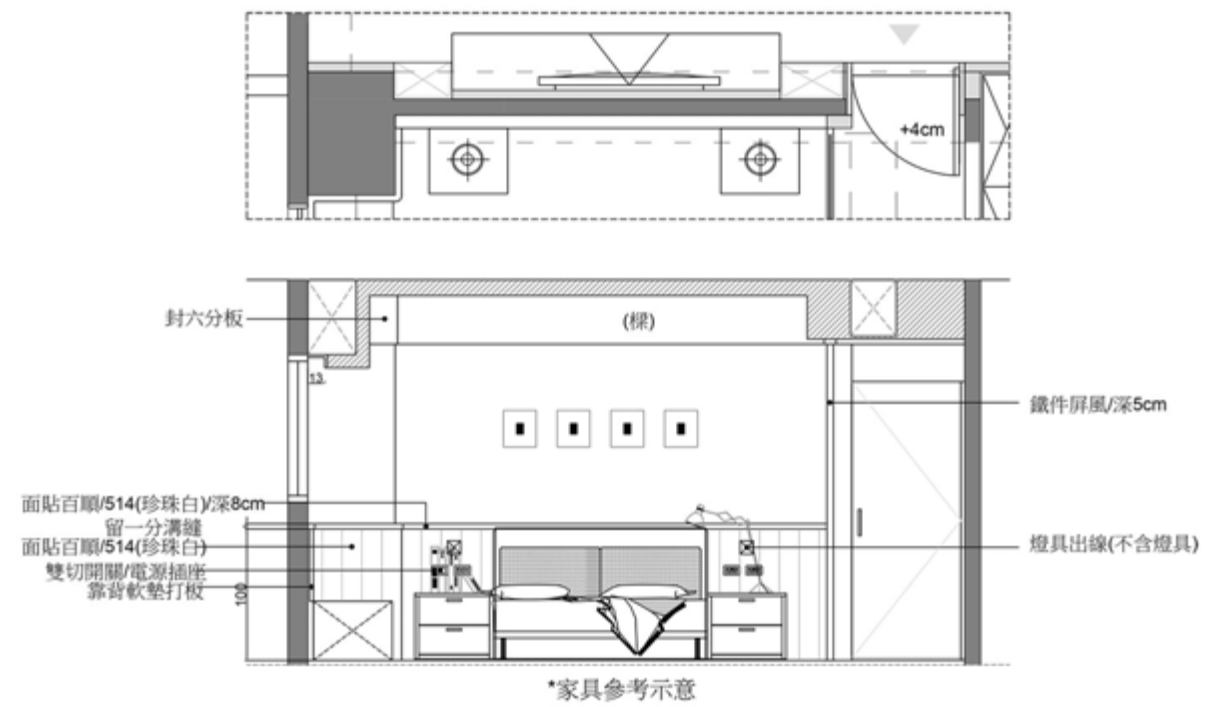

The house owner is fond of Scandinavian colors and has exclusive ideas on space planning. Therefore, in addition decides to adopt wooden element for the spatial essence, moreover, we reserve the maximum flexibility for future changes in style and function.
