

**INFINITE**

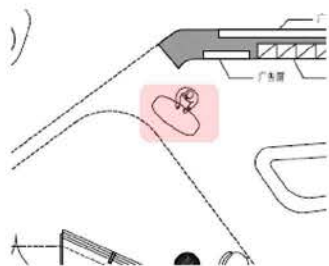

The block where the project is located is experiencing the butterfly change of urban pattern, which brings the design of this case from the abstract artistic conception of "cocoon into butterfly" to the concrete form of "Butterfly", then finally back to " $\infty$ ", it is a transformation process of abstract expression, extending from spiritual perception to the whole spatial experience.

With the best view on the east side of the building, the designer abstracts the circular layout structure of the space along the center to the left and right sides with the "∞" symbol, weakens the right angle relationship, and injects the emotional value of the space into the perception and experience of future customer groups with flowing lines and blocks.

The ceiling is highly recognizable after metal spray painting of its disc-shaped decoration. Its basic form is paraphrased from the infinite symbol " $\infty$ ", just like the cell division forms an ever-changing combination, which is full of vitality and interest. The arc shaped lamp panel echoes with the booth below the space on the facade.

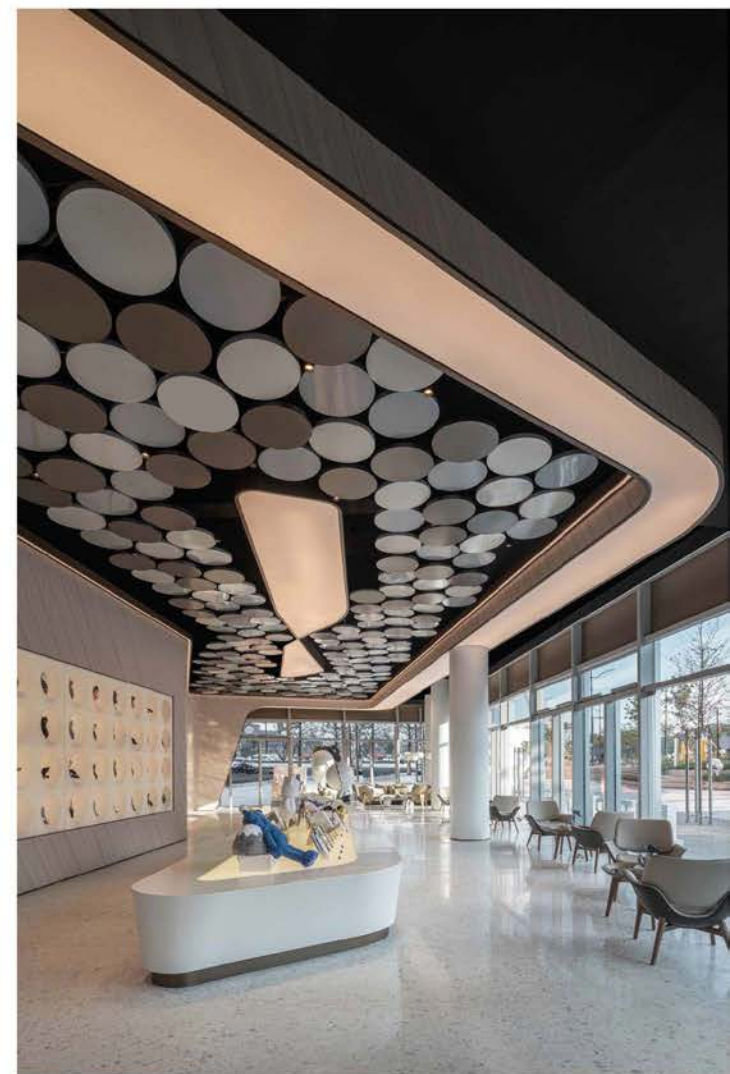

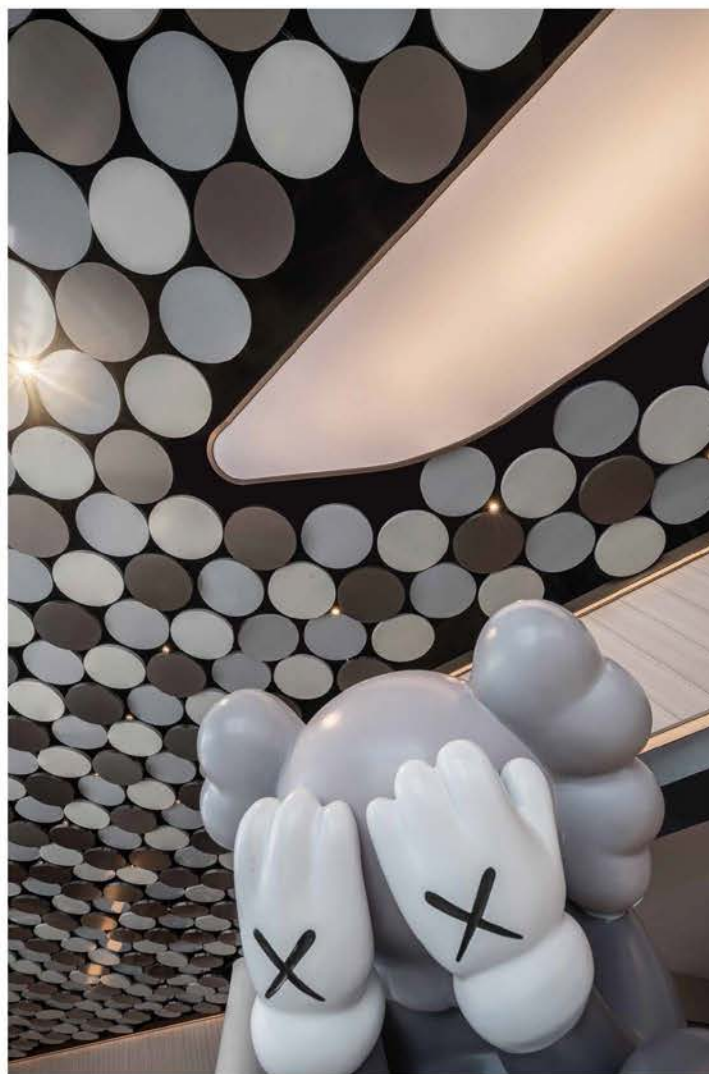

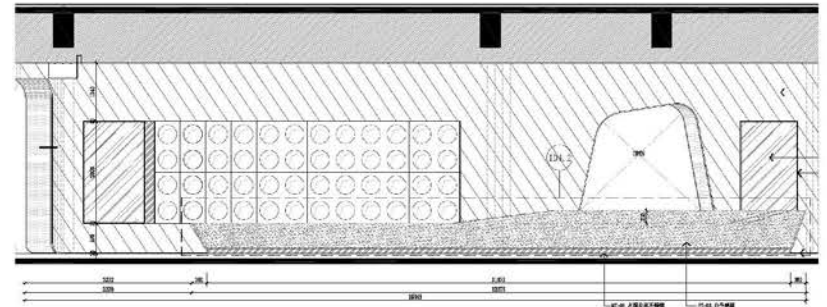

The cultural and creative booth at the entrance has laid the tone and prelude of the whole space, the vitality sense of young lifestyle and trend culture is coming in hurry. The left space presents the life scene of the integration of cafe culture and scholarly atmosphere, while the right space displays the cultural and creative trendy goods.

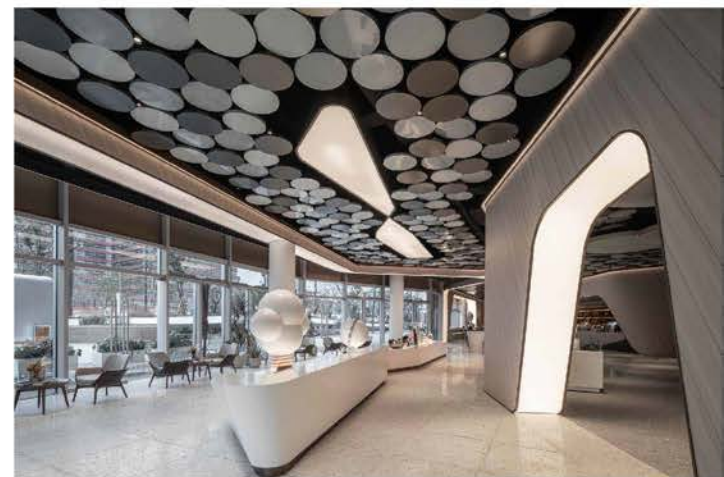

The cultural and creative display wall is composed of 48 white holes to create an immersive space experience with trend and interest. With the trendy toy KAWS doll displayed under the rendering of lights, each visitor can have a unique self-comprehend.

The designer turns the coffee bar into a "yacht", its' momentum braves the wind and waves, and its' body curve is fluent and unobstructed. The gray stone and gold metal decoration forms a contrast between the depth of colors, the details were just perfect, creating a high-level atmosphere of space, containing the curiosity and desire to explore the ocean world and the vision of a better life in the future.
