浮岛之上的生活剧场
兴耀沐芳洲，悬浮于绿岛之上的生活展厅。

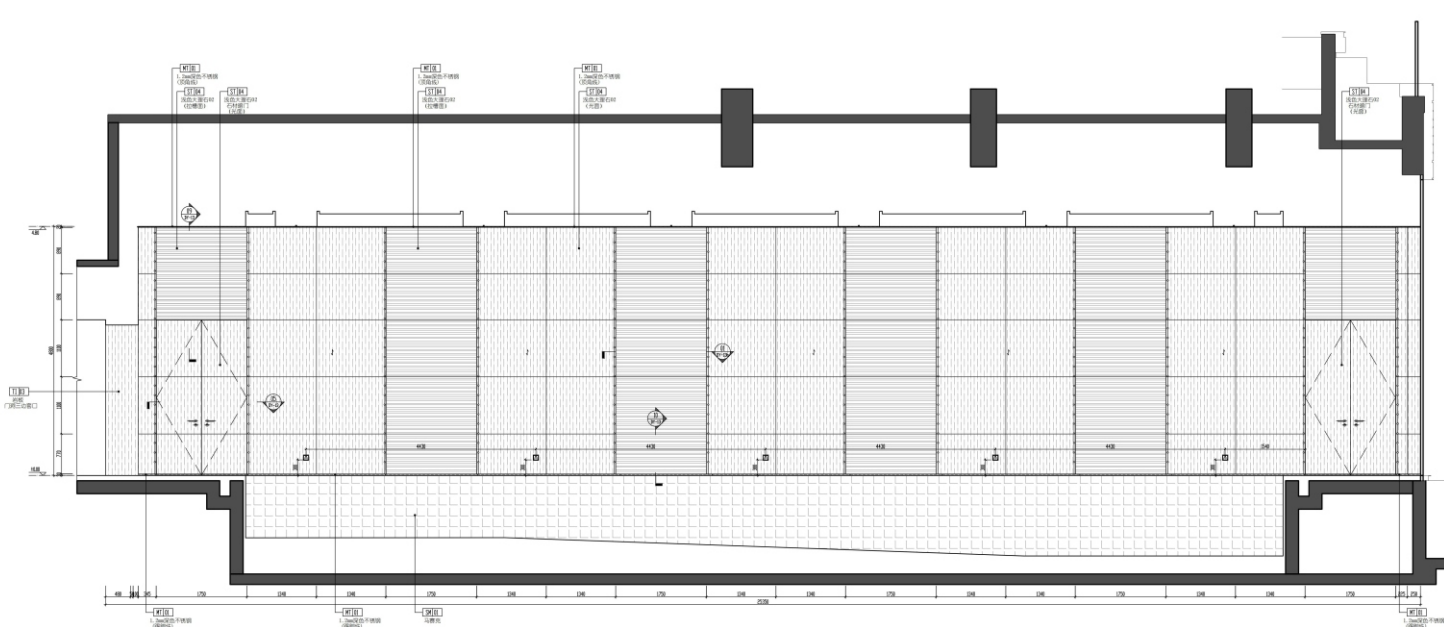

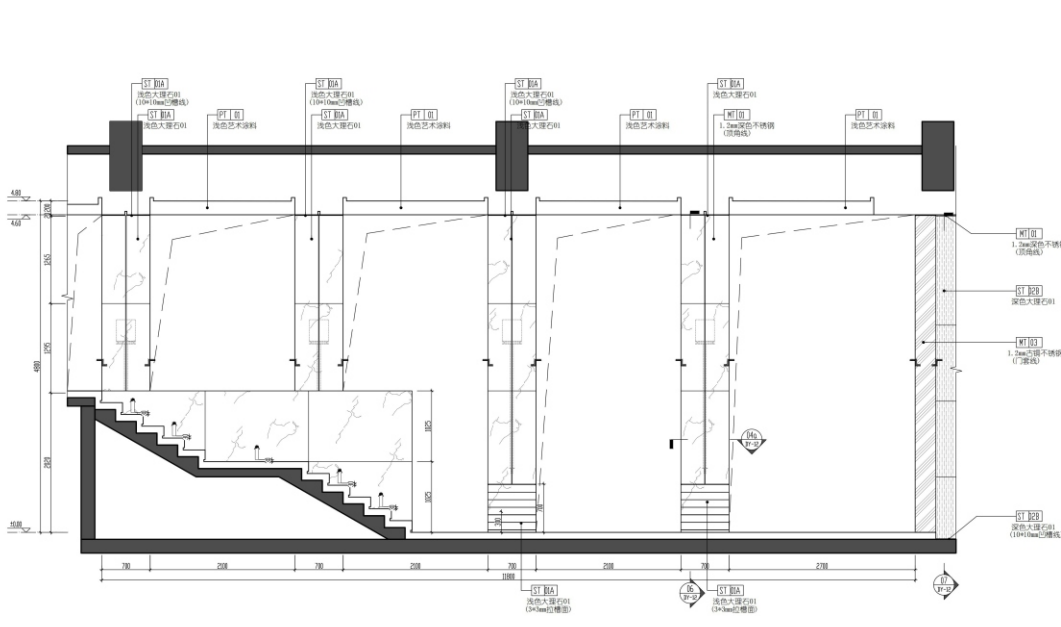

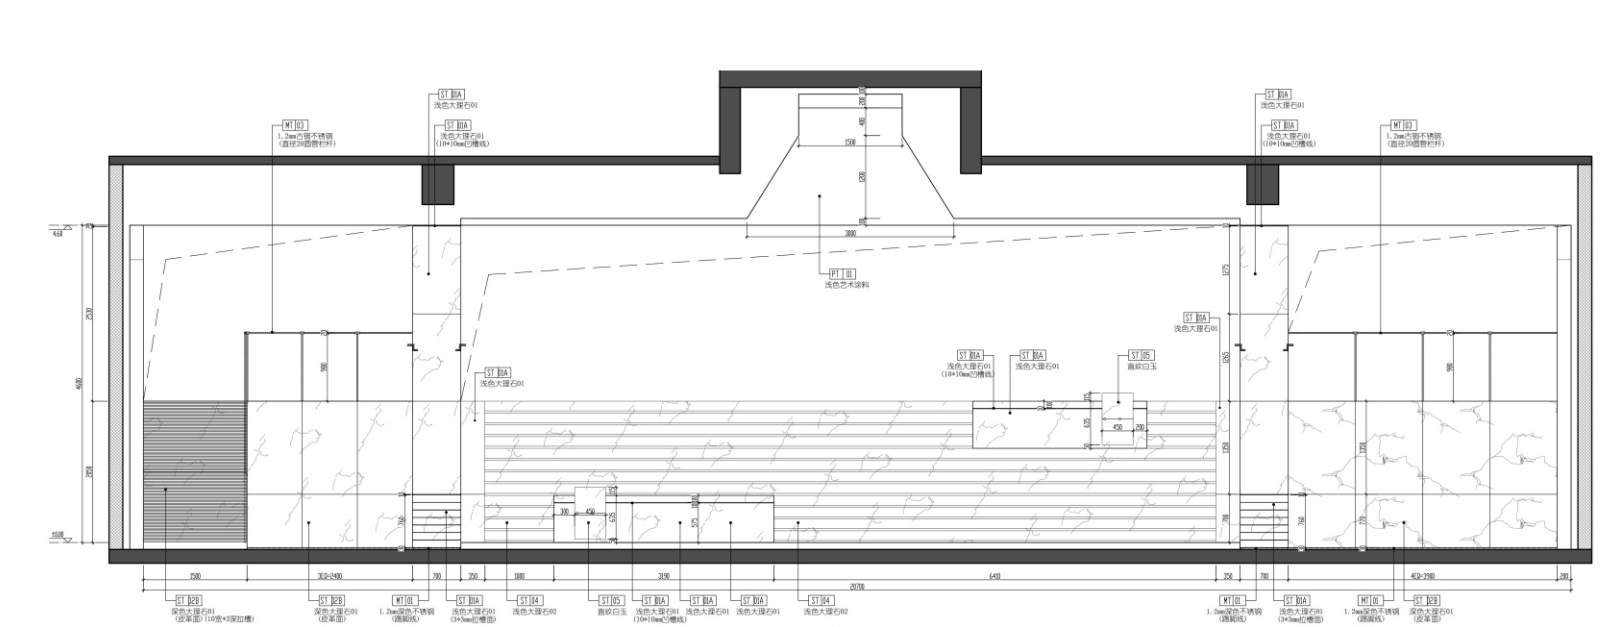

项目以“浮岛秘境”为打造策略，室内设计将每个功能区塑造为独具特色的“岛屿”，以无界的空间渗透、下沉的光影叙事、多主题的生活聚场为核心，构建从归家动线到日常场景的全维度沉浸式体验。

The project adopts the strategy of “floating islands and secret realms” for its design. The interior design transforms each functional area into a distinctive “island”, with the core being the seamless space integration, the sinking light and shadow narrative, and the multi-theme living gathering spots. This forms a full-dimensional immersive experience from the entry path to daily scenes.
